

Hand-held Metal Detector MD-3003B1

The high performance Pro-Scan hand held security scanner is designed to meet the exact requirements of the security industry. Typical uses will include body search for offensive weapons in crowd control, airport and border security, checking parcels and letters for metal objects and anywhere that hidden metal needs to be detected. Pro-Scan operates on one 9-volt alkaline or rechargeable battery. Comes with FREE holster. In a side-by-side demonstration, this new metal detector stood up to major brand metal detectors and performed just as well. Excellent quality without paying for a brand name.

Technical Specifications:

1. Power: 9V (6F22)
2. Operate Frequency: 22 KHz
3. Operating Temperature: -5°C to +55°C
4. Operate Current: < 50mA
5. Operate Voltage: 7V-9V
6. Indicator Visual: Red / Green LED
7. Sound: Speaker
8. Vibration Control: On/Off Switch; Low sensitivity Switch Sensitivity Adjuster
High Sensitivity 15mm at Pin; 45mm at USD 25 Cent
Low Sensitivity Detector only responds to bigger metal article
Such as a 38 Caliber handgun (20cm), Pen knife (15cm), Razor blade (10cm) etc.
9. Export Packing: 25 Pieces per Carton 0.089CBM (58 X 32 X 46cm)
10. N.W. / G.W for Carton: 10.3 / 16.5 KG
11. Dimension of Unit: 41(L) X 8.5(W) X 4.5(H) cm
12. Net Weight of Unit: 409G
13. Color: Black
14. Attachment: a free Holster.
