# Digital Video Recorder – DVR

## HT-D1 Series

- **4/8/16 CHANNEL** - H.264 Algorithm hardware compression
- Individual Channel Recording Setup
- Support 2 HDDs, up to 4TB
- Real time display
- Recording Speed up to 120fps
- Recording Mode : Manual, Event(Motion), Schedule (Setup by minute as unit)
- Search mode : Event, Time
- Network Interface : Ethernet, PPPoE
- Network Protocol : TCP/IP, HTTP, DHCP
- Backup : Network, USB 2.0Thumb Driver
- Application : Windows XP / Vista / Windows 7 (PC Client system& IE)

## HS2T1 Series

- **4/8/16 CHANNEL** - H.264 Algorithm hardware compression
- Real time display
- Recording speed up to 400fps
- Recording Mode: Continuous, Motion, Alarm
- 4 channel audio recoding
- Search Mode: Date/Time, Event
- Backup: USB / Network
- Remote Function: Remote Monitoring (Live View) / Playback / Setup / PTZ Control / Backup
- Network Protocol : DHCP / Static IP / DDNS
- Network Port :10/100 Ethernet
- Primary Storage 2 Internal SATA HDD UP TO 4TB
- Email notify when event trigger (Include camera picture)
- 3g Mobile Surveillance (JPEG)

## HS2-T2 Series

- **4/8/16 CHANNEL** - H.264 Algorithm hardware compression
- Real time display
- Recording speed up to 400fps
- Recording Mode: Continuous, Motion, Alarm
- 4 channel audio recoding
- Search Mode: Date/Time, Event
- Backup: USB / DVD / Network
- Remote Function: Remote Monitoring (Live View) / Playback / Setup / PTZ Control / Backup
- Network Protocol : DHCP / Static IP / DDNS
- Network Port :10/100 Ethernet
- Primary Storage 2 Internal SATA HDD UP TO 4TB
- USB Port USB 2.0 (2ea)    (For Software upgrade / Setup In/Export and Mouse)
- Email notify when event trigger (Include camera picture)
- 3G Mobile Surveillance (JPEG)
